

INNOVATING

the greatest oil grip ever

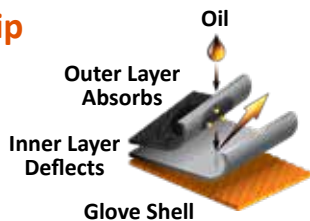

FOR YOU

Flexible dual-layer coating for oil grip without saturation | **TriTek Palm®**

TriTek Palm® Coating

Advanced Oil Grip

The outer layer absorbs oil while the inner layer deflects it to maintain grip and prevent saturation

Exceptional Abrasion Resistance

More than twice the abrasion resistance of other coatings

Flexible & Lightweight

30% lighter than other double dip nitrile coatings

Incredible Coreless Comfort DX Technology® Shell
